**Date:** April 13, 2023

---

**Re:** Finance Department Activity Report – February 2023

---

Following is information pertaining to Finance Department activities through the end of February 2023 and included herein is an updated 2022 Budget to Actual Comparison of Revenues and Expenditures through the end of December 2022. For the next couple of months we will focus our financial analysis on 2022 rather than 2023, because how 2022 wraps up will largely guide our decision making process as we progress towards the 2024 Budget development process.

## **2022 Year-end Process**

In February we have continued to work on closing the books for 2022, and we hope to have this process complete by the end of March. This process typically continues through March because we continue to receive additional information pertaining to 2022 for both revenues and expenditures (particularly construction related activity). Following the closing of the books, we will begin the process of preparing our annual financial report which will be finished by the end of May. We hope to have the State Auditor's Office onsite in June to begin the audit of 2022.

## **Budget to Actual Comparison Report**

A report reflecting 2022 Budget to Actual Revenues and Expenditures for those funds for which a 2022 Budget was adopted is located on pages 5 through 18. *It's important to keep in mind that the figures included are preliminary and we anticipate they will continue to change as a result of the fact that we continue to receive invoices related to 2022 expenditure activity as well as some additional revenues. We will follow up with final 2022 figures once the books are closed.*

We've included the following information in the report:

- Revenues by source for all funds, and expenditures by department in the General Fund and by type in all other funds.
- A breakdown between recurring and nonrecurring revenues and expenditures in the General Fund, Street O&M Fund and Stormwater Fund.
- The change in fund balance including beginning and ending figures. The beginning fund balance figures are those that are reflected in our 2021 Annual Financial Report.
- Columns of information include:
  - The 2022 Budget as amended
  - December 2022 activity
  - Cumulative 2022 activity through December 2022
  - Budget remaining in terms of dollars
  - The percent of budgeted revenue collected or budgeted expenditures disbursed

A few points related to the General Fund #001 (page 5):

Recurring revenues collections are currently at 110.10% of the amount budgeted with 100.00% of the year elapsed.

- Property taxes are paid to Spokane County in two installments each year on April 30 and October 31 and are then remitted to the City primarily in May and November with lesser amounts typically remitted in June and December. Property taxes received in 2022 are \$13,150,458 or 99.63% of the amount budgeted. In January we received one final payment related to 2022 collections that is reflected herein.
- Sales tax collections finished the year at \$32,347,046 which was \$2,347,046 or 7.82% greater than the amount budgeted.
- Gambling taxes are at \$437,924 or 119.98% of the amount budgeted. Gambling taxes are paid quarterly and fourth quarter payments were due by January 31<sup>st</sup>.
- Franchise Fee and Business Registration revenues are typically received in the month following a calendar year quarter. In 2022 we received \$1,400,408 or 15.26% greater than the amount budgeted.
- State shared revenues are composed of State of Washington distributions that include items such as liquor board profits, liquor excise tax, streamlined sales tax mitigation and criminal justice monies. Most of these revenues are paid by the State in the month following a calendar quarter. These have collectively finished the year at \$2,553,093 or 27.94% greater than the amount budgeted.
- Fines and forfeitures revenues are composed of monthly remittances from Spokane County with payments made in the month following the actual assessment of a fine and false alarm fees. These have finished the year at \$423,506 which is \$104,194 or 19.74% less than the amount budgeted.
- Community and Public Works service revenues are largely composed of building permit and plan review fees as well as right of way permits. Revenues collected in 2022 are at \$4,043,370 or 34.78% greater than the amount budgeted. The amount collected is far in excess of the amount of the budget expectation primarily due to several large construction projects in the City that were permitted during 2022.
- Recreation program revenues are composed of revenues generated by the variety of parks and recreation programs including classes, swimming pools (in-season), and CenterPlace. The year ended with revenues totaling \$616,184 or 97.90% of the amount budgeted.

Recurring expenditures are currently at \$43,957,041 or 87.81% of the amount budgeted with 100.00% of the year elapsed.

#### Fund Balance / Reserves

The fund balance at December 31, 2022 was anticipated to be \$45,529,593 but actually finished the year at \$62,656,685. The difference of \$17,127,093 is the result of:

- Recurring revenues are \$5,574,563 greater than budgeted, primarily in sales taxes, permitting revenues, and investment interest.
- Recurring expenditures are \$6,070,190 less than budgeted, primarily in public safety.
- Deficit from non-recurring activities is \$5,482,340 less than budgeted.

#### Investments (page 19)

Investments at December 31 total \$106,640,605 and are composed of \$101,495,865 in the Washington State Local Government Investment Pool and \$5,144,740 in bank CDs.

### **Total Sales Tax Receipts** (page 20)

Total sales tax receipts reflect State remittances through December and total \$36,562,491 including general, criminal justice, and public safety taxes. This figure is \$1,192,294 or 3.37% greater than the same twelve-month period in 2021.

### **Economic Indicators** (pages 21 – 23)

The following economic indicators provide information pertaining to three different sources of tax revenue that provide a good gauge of the health and direction of the overall economy.

1. Sales taxes (page 21) provide a sense of how much individuals and businesses are spending on the purchase of goods.
2. Hotel / Motel taxes (page 22) provide us with a sense of overnight stays and visits to our area by tourists or business travelers.
3. Real Estate Excise taxes (page 23) provide us with a sense of real estate sales.

Page 21 provides a 10-year history of general sales tax receipts (not including public safety or criminal justice) with monthly detail beginning January 2014.

- Compared with calendar year 2022, 2023 collections have increased by \$104,013 or 3.67%.
- Tax receipts reached an all-time high in 2022 of \$32,347,046, besting the previous record year of 2021 when \$31,499,534 was collected.

Page 22 provides a 10-year history of hotel/motel tax receipts with monthly detail beginning January 2014.

- Compared with calendar year 2022, 2023 collections have decreased by \$11,794 or 24.19%.
- Collections reached an all-time high in 2022 of \$901,686, besting the previous record of \$744,437 in 2021.

Page 23 provides a 10-year history of real estate excise tax receipts with monthly detail beginning January 2014.

- Compared with calendar year 2022, 2023 collections have decreased by \$250,613 or 59.61%.
- Collections reached an all-time high in 2021 of \$6,218,227.

### **Debt Capacity and Bonds Outstanding** (page 24)

This page provides information on the City's debt capacity, or the dollar amount of General Obligation (G.O.) Bonds the City may issue, as well as an amortization schedule of the bonds the City currently has outstanding.

- The maximum amount of G.O. bonds the City may issue is determined by the assessed value for property taxes which for 2023 is \$16,292,740,920. Following the December 1, 2022 debt service payments, the City has \$9,810,000 of nonvoted G.O. bonds outstanding which represents 4.01% of our nonvoted bond capacity, and 0.80% of our total debt capacity for all types of bonds. Of this amount:
  - \$3,430,000 remains on bonds issued for the construction of CenterPlace. These bonds are repaid with a portion of the 1/10 of 1% sales tax that is collected by the Spokane Public Facilities District.
  - \$155,000 remains on bonds issued for road and street improvements around CenterPlace. The bonds are repaid with a portion of the real estate excise tax collected by the City.
  - \$6,225,000 remains on bonds issued for construction of the new City Hall. The bonds are repaid with General Fund revenues.

**Street Fund Revenue Sources** (pages 25 and 26)

The last two charts reflect a history for the two primary sources of revenue in Street Fund #101. These include:

Page 25 provides a 10-year history of Motor Vehicle Fuel Tax collections with monthly detail beginning January 2014.

- Compared with calendar year 2022, 2023 collections have decreased by \$23,172 or 14.29%.
- Tax receipts peaked in 2007 at just approximately \$2.1 million and have generally ranged around \$2 million in the years 2014 through 2022.

Page 26 provides a 10-year history of Telephone Utility Tax collections with monthly detail beginning January 2014.

- Compared with 2022, 2023 collections have decreased by \$2,641 or 3.24%. Unlike tax revenues collected by the State and remitted monthly, these taxes are paid to the City directly by the service provider. Consequently, there is not a "clean cutoff" in terms of when a vendor pays the tax.
- Tax receipts peaked in 2009 at \$3,054,473 and have decreased each year since due to what we suspect is the reduction in land lines by individual households as well as a reallocation of revenues from voice plans to data plans by cell phone companies.
- The 2022 Budget was adopted with a revenue estimate of \$932,000, and actual receipts came in at approximately \$1 million. The 2023 Budget is set at \$857,000, and we will closely watch actual receipts as we progress through 2023.

	<u><u>35,370,197.09</u></u>	<u><u>36,562,490.86</u></u>		

Sales tax receipts reported here reflect remittances for general sales tax, criminal justice sales tax and public safety tax.

The sales tax rate for retail sales transacted within the boundaries of the City of Spokane Valley is 8.9%. The tax that is paid by a purchaser at the point of sale is remitted by the vendor to the Washington State Department of Revenue who then remits the taxes back to the various agencies that have imposed the tax. The allocation of the total 8.9% tax rate to the agencies is as follows:

- State of Washington	6.50%	
- City of Spokane Valley	0.85%	
- Spokane County	0.15%	
- Spokane Public Facilities District	0.10% *	
- Criminal Justice	0.10%	
- Public Safety	0.10% *	2.40% local tax
- Juvenile Jail	0.10% *	
- Mental Health	0.10% *	
- Law Enforcement Communications	0.10% *	
- Spokane Transit Authority	0.80% *	
	<u>8.90%</u>	

\* Indicates voter approved sales taxes

In addition to the .85% reported above that the City receives, we also receive a portion of the Criminal Justice and Public Safety sales taxes. The distribution of those taxes is computed as follows:

Criminal Justice: The tax is assessed county-wide and of the total collected, the State distributes 10% of the receipts to Spokane County, with the remainder allocated on a per capita basis to the County and the cities within the County.

Public Safety: The tax is assessed county-wide and of the total collected, the State distributes 60% of the receipts to Spokane County, with the remainder allocated on a per capita basis to the cities within the County.
